“ Dear Ray. Just a few thoughts from the Cefaratti's. We knew you as someone who loved life. Your tender care for stray animals challenged us to care. You loved your family passionately and your constant care for Angela is very touching. You continued to work past your physical endurance was at its end. We will all miss your enthusiastic support of the Ravens. Ray, the most comforting thought for us left behind, is that you had a personal relationship with Jesus. We will meet you on the other side. Love Jim and Dori.

“ My Nephew Ray and I pretty much grew up together as young children. We had some really great times together. Hanging out with my sister and Louie in Rehoboth and fishing for the striped bass in the Canal. Hanging out with Bob Ross when he lived here. Camping at Crabtree Falls with Bob and Cheyrl and hiking the trails. Going to miss your laugh and wild nature. You will be missed by your friends and family. I will smoke 1 for you every day. Loved you more than you ever knew.

“ *Ray Ray is my best camping buddy. I have been to Crabtree Falls for 20+ years. Ray Ray was the highlight for me. His appreciation of nature and his twisted sense of humor were some of the many things to love about him. I am so lucky to have known him and i know every year when we go camping he will be there with us.*

“ *Ray was my oldest brother and although I only would see him a few times a year, he always had the same huge smile and would make me laugh by usually saying something slick. The thing I admired most about Ray was he always stayed true to himself and was always happy just being who he was. Ray had a huge heart and will be missed by many. RIP Ray.*

“ Uncle Ray was such a kind hearted person! He was caring and loved his cats more than anything in this world. Even though I've only known him for 10 years, since day one he was friendly towards me and always made a point to say hello. He will definitely be missed but never forgotten💜 RIP Uncle Ray

“ Here are some memories I have of Ray. He used buy me McDonalds breakfast sandwiches and make big pots of coffee. I would listen to oldies music with him on the radio. I will never forget Ray. I will always remember how he would whistle along with every song that would play on the radio. Thank you for being a good friend, Ray. Rest in peace. Laura-Sun Cefaratti

“ I have a lot of wonderful childhood memories of my Uncle Ray. From spending time together at my grandmother's house (he was always very close with his mother) to fishing and catching crabs together at the beach in Delaware, camping together in various campgrounds, and his stories of always feeding the stray cats and the birds. He definitely was an animal lover, and he greatly influenced my love for animals as well. He will be greatly missed and those memories will always stay with me. Rest In Peace, Uncle Ray. Please keep my mother good company.

“ Ray always loved his cats and loved to holler from down stairs “hey Alice”! I can still hear him say it! Very friendly guy! You will be missed.

“ Ray was my brother in law for a lot of years. We had many good times like going to the beach and fishing under the bridge snagging nice sized rock fish. Going to many concerts like Motley Crue, Van Halen, Def Leppard. We had many family cookouts. Sometimes we would just chill in house.. He will be missed by many. Even by his cats and the pigeons. RIP Ray..

“ Although I am Ray’s aunt we are only 2 years apart. We spent time together with his brother and sisters growing up in a close loving family. Most of my childhood memories have Ray in them, I was lucky enough when we were elementary school age to live on the water, my sister, Ray’s mom would spend weeks at a time with us. Ray loved the water, fishing, swimming and crabbing. Once Ray and the others were middle school age they moved to Pasadena on the water, the summers continued to have lasting memories. As all families do as they become older are not as close. Nothing or no can take my memories of Ray. He was a cat lover like no other. Rest In Peace. Ray until we see each other again. Love Aunt Colleen
