“ My family and I are so sorry for your loss. We just moved to Wareham a year ago and Richard was the first neighbor to greet us. He would yell hello or stop to chat everytime he saw us. He would always come over to lend a helping hand anytime he saw us working on a project. He helped us put up our mailbox and fix our screen door and would never accept anything in return. We will miss him dearly. The Jackson Family 1913 Wareham.
