“ There are so many memories for all the years we have been together he was my love of a lifetime one thing he always did when he had a disagreement was to tell me come here hun. He would give me a really big hug and kiss and then we would work out whatever it was and laugh about it my last memory was when he was sick he really wanted me to have an office that I could work in without the kids bugging me and he made it happen I will love him forever and always

“ Some people come into our lives, leave footprints on our hearts, and we are never the same. What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why Bob left this earth so soon, or why Bob left before we were ready to say good-bye, but little by little, we begin to remember not just that Bob died, but mostly Bob lived! Thank you brother for giving us so many great memories too beautiful to forget! My sincere condolences to Barbara along with the entire family, may you find comfort in these words: “Those we love don't go away, they walk beside us every day, Unseen, Unheard, but always near, still loved, still missed and very dear.” With deepest sorrow, Paul

“ I'm thankful I had the opportunity to talk with Robert not too long after heaven gained another angel. I was commenting on his leather jacket and told him how handsome he looked and that my boyfriend should buy the same jacket. To see a smile on his face was priceless. I know that he was loved by many. He was a loving father, grandfather and Husband. I know that times like this bring great sorrow to the ones that he left behind however I am a strong believer in faith and God and I know that someday we will all be together again in God's kingdom. Sending much love and many prayers to all friends and family. May the Lord touch every single one of you and give you peace in your time of grievance....❤️ Jenny

“ When my father passed, Bob was my father in law, but he took over my dad's role whether he knew it or not. He was straight up no bs, and was the rock to our family. We miss him terribly. The house is not a home without him there. Rest in Paradise Pop ❤️ Nikki aka the witch 😂

“Dad was my father in law. When my dad passed, he took on his role, even if he didn't realize it. He loved to joke, and if he was joking with you, you know he liked you. He was my mother in laws soul mate and meant so much to all of us. I'm blessed to have gotten a chance to spend time with him. He was the most generous man and would do anything for the people he loved. My daughter adored him and he had a special nick name for Her "Pitter Patter". We all miss the rock to our family dearly. I miss everything about him.

“Billy and I did not know that morning that God was going to call your name. In life we loved you dearly, in death we do the same. It broke our hearts to lose you, you did not go alone; for part of us went with you, the day God called you home. You left us with wonderful memories that we can cherish all our life. Your love is still our guide; and though we cannot see you, you are always at our side. We love and miss you terribly! Your loving Daughter Beth ❤️

“ I don't even know where to start. You were my daddy!!!! You were always there when I needed you weather it was too fix something or yell at me (only when needed). I remember when you and mom picked us up and took us to see the Harlem Globe Trotters. Had so much fun that day!! You even took me to get pizza fries for my first time that day. I hope I make it up there with you but you always said I'm going the other way lol. You always knew how to put a smile on my face. Always quick with the jokes. Just a great person always put people ahead of you. I will forever miss you and forever love you!!!! 💕
