

Robert "Bob" J. Depp

March 18, 1941 - April 1, 2025

Robert J. Depp "Bob"

Born March 18, 1941- April 1, 2025. A brother, devoted husband for 62 years, father of three grandfather to eight.

Bob grew up in Pittsburgh, PA. He graduated from South Hills High School, obtained a degree from Penn State University, married, and relocated to Maryland, where he embarked on a rewarding 33-year career as an engineer for the Department of Defense. He settled in Columbia, MD and was a "pioneer"—one of its first 100 families—there he and Cathy raised their family and spent quality time with their grandchildren.

Gifted with a great sense of curiosity, Bob's interests were as varied as the way he like spending his time. Bob enjoyed being outdoors, working in the yard, riding his trail bike, traveling, exploring new places, music, playing cards, computers, understanding new technology or generally how things functioned or were constructed. Above all, he appreciated a good laugh, meaningful conversation, and spending quality time with family and friends.

Combining his interests, after he "retired", Bob worked part time at the golf course for Turf Valley Country Club and as a bailiff for Howard County Court House. He also volunteered for Neighbor Ride—an organization that arranges

transportation for seniors.

We will all miss your sharp mind, sense of curiosity, thirst for knowledge, your laugh, and strong sense of protection and caring.
