“ Please accept my most sincere condolences to the family of Shelley. I worked with her at ALMC in Elkhorn and all I see when I think of her is her bright welcoming smile! She always made anyone who she spoke with feel so important. I always walked away feeling good inside after speaking with her either professionally or personally. She is so missed already. The world was not ready to say goodbye yet. Knowing Shelley has made me want to be a better person. Keeping you all in my prayers daily.
