“ Rodney use to pick up his spoiled daughter (lol) from work. He would be parked in a parking space waiting on her. When we would walk out of the building, he immediately started his vehicle and drove right up to where she was standing. I use to joke with him, telling him to make her walk. All he did was smile and laugh. He laughed at all my silly jokes about his daughter. He laughed at me, lol. You could immediately tell he was a kind and gentle soul. And he appreciated a good laugh.\n\nI am sincerely sorry and send my deepest condolences to the Johnson Family.
