“ *Sis, with your passing there remains only Larry and me. Like many families we have been through many trials and tribulations, but you were the rock that we all looked to in those times. Though we had the chances to get together more than we did, I for one, regret that we missed those opportunities. You can rest now knowing that you impacted so very many others with your presence, and we will all be together again when we cross that bridge. Jimmy*

“*Grammy, I will miss you every second of every day. People say it gets easier as time goes on but I can't imagine a life without you. I'll never forget calling you when mom wasn't being fair, and asking you to talk her down. You were the only grandparent I ever got to grow up with and I'm fine with that because you were the best roll model I could ask for. I will miss you being right down the street, but I know you are in paradise now. My birthday will never be just my birthday anymore, May 23 will forever be a day where your friends and family celebrate your life. Until we meet again, rest easy. I love you to the moon and back. -Tot*

“ Mom, when I think of you the word Natural comes to mind. You were a natural daughter, sister, wife, mom and friend. It would seem to the onlooker that it was effortless. You taught us many important life lessons and led by example. Through my life you never stopped being my mom. Every chance you had you would put on your \"mom hat\" and always with enthusiasm and love. With my kids you were definitely a \"Grand\" mom. I will miss the shuffle of your feet and the pep in your step. Just like dad, you will always have a presence in my life. Thank you God for my mom. I Love You.

“ Rose was a wonderful woman; a loving wife and mother, and a caring grandmother. She had such a sweet, playful way with Kiersten who so loved her Grammy. Her laughter and joy was contagious and her kind and selfless nature was beyond measure. We are heartbroken for everyone who had the pleasure of knowing her and especially for her beautiful family whom she loved with all that she was, plus some! We will treasure our sweet memories, the precious gift that she was to so very many until we see her again. Rose you will be missed!!!

“ Mom welcomed me with open arms, from the day that I met her back in 2000. She was the best second mom that a girl could ask for. We shared many memories together and Rob and I enjoyed watching TV shows and movies with her. We loved spending time together during the holidays and going camping. She would always find a way to surprise us all; whether it was giving away magazines or sharing recipes from her treasured collections. She enjoyed spending time with her family and loved everyone. She was a great Grammy to our sweet Kiersten and they were the best of friends. She always knew how to make everyone smile. We will miss her every day and she will always be remembered. We love you mom and we know that you are a beautiful angel in Heaven!

“ Rose , my BUS STOP BUDDY. You were one of a kind, but boy do I love and miss you. I still can't believe your gone. You left a BEAUTIFUL family behind, but one that you can certainly be proud of. I'm glad schools not in as I can't imagine standing there alone. Memories are wonderful and I'm sure glad we made them... like you going to the store without your teeth. I sure wish I had seen that... and forgetting to pick up your grandchildren from school then answering the door eating a sandwich and asking me what I was doing there...there are so many more laughs we had over the years. AND that is what will keep me and your family going....don't worry Rose they don't know it yet , but I will be keeping an eye on them all for you....till we meet again Rose I love and miss you. Please give my John a BIG HUG for me...Love always “YOUR BUS STOP BUDDY” 😊❤️💕😊

“ My momma was the best mom in the world and I will miss her every day! I am so thankful for all the wonderful years we had her. She thought me how to be a strong independent woman and loving mother that she was to me. Mom was the life of the party and treated everyone as if they were her very own family and genuinely meant it! Thank you Mom for just being you! Love you more sweetie!!
