“ *Family no matter how far apart will always carry special memories, growing up my cousins were like my brothers and sisters, Vernie was what my cousins and I called him .. well other than him and I having our own names for each other I called him little Bud and he would call me little Betty.. even though time and distance separated us as adults he was always my little Bud and always in my heart. So I will say it one last time.. until we are all together again.. I love you little Bud.*

“ Vernie as we called him not Sam, was very loved by our family. Vern and I would go Christmas shopping every year and we always had a blast, even though we would get into trouble from my sister Kathy which was also his wife. My girls were always happy to spend the night at his house because they were comfortable there plus he would make them a really good breakfast. But that was how Vernie was, an awesome father, brother in-law, uncle etc.. He would always make sure his boys had the best of everything, he worked long and hard driving truck so they would. He was a really good outdoorsman, especially fishing. I remember going camping /boating numerous times with Vernie and family to Deep Creek which was our favorite. There are so many memories which I will hold close to my heart which is broken 💔 right now from losing another loved one from our family. The tears are really hard to hold back. Rest In Peace Vernie and please give Mom, Dad, Sandy and Angela a hug and kiss from me. You will be missed that's for sure. Love you dear brother in-law, love your favorite sister in-law 😘👩🏻

“ I work as The EPICENTER's grant writer, and I got to know Mr. Sam when he began coming to us. I was so sorry and felt so sad to read the news of Mr. Sam's passing. I loved Mr. Sam, his humility, his kindness, his gratitude, and how he was always very eager to help others with us in any way he could! Keeping every person who loved Mr. Sam in my prayers and offering my most sincere and heartfelt condolences to each of you. He will be missed by me and by all of us!!

“ Oh how I will miss you Mr. Sam! You brought an immediate smile to my face when you walked through the door at The EPICENTER. You had such a servant heart. I loved hearing about your grandsons and how you looked forward to bringing them donuts each week! My favorite memory of you was seeing that big ole smile on your face when you got your new glasses! You were one of a kind Mr. Sam and I will miss you! xoxo

“ Sam I will miss you more than words can express. You being 10 years older than me reminds me of a story. The snowball fights when we were young was a little brutal. :) Scott and I who were around 5 and 6 would throw hand size snowballs. You would have them the size of a snowman's head. I wanted to make sure I was always were on your team. We also had many many awesome times on the Susquehanna fishing. You will be missed, I love you Sam. Your journey's just begun, life holds so many facets this earth is only one. Your favorite brother. :)

“ *Mr. Sam...as I always called him....was loved by many at the Epicenter at Edgewood....he came in for help and then became the helper!! He was my friend! He made us laugh! We stood by him and for him!! and he did the same for us! When his son called the office to tell us about Mr. Sam passing, the Epicenter staff was devastated! One of the things that helped me was a week before he passed awayMr Sam called me...and it was a mistake call....he meant to call someone else and called me instead....we laughed about it and we talked for a little bit....when I heard he had passed away, I knew it was God's intervention so I could talk to him one last time!*
