“ Meemaw,\r\nThe best grandmother and great grandmother that my son I could have ever asked for. One thing I will always remember about you is the loving and caring person you are. You’re hugs and the talks we would have always made me feel better. And after our phone calls you would always say “Give that baby a hug and a kiss for me!”. Dawson was the light of your life up until your last days... and I promise he will always know who you are and how much you loved him. Another thing I will always remember and hold close to me is every year you would call and sing happy birthday to me. You will forever be missed and never forgotten. Here are some pictures, the last picture taken of you and Dawson and just me and Dawson together. We love you so much meemaw! And yes I will give Dawson a hug and a kiss for you! Xoxoxoxoxo\r\n Love, Little Sharon & Dawson

“ Every Friday, she would happily shout to her grandchildren “ITS FRIDAAAYYY”. To this day I can still hear the expression and excitement in her voice as if she were right here saying it. Meemaw loved the weekends, that's when the family would gather for cookouts or out on the boat. She loved her family time and adored her grandchildren. Even her great grandson brought her back to life in her final years. Spoiling her grandbabies and great grandbaby was her greatest specialty.
