“ We have lost an amazing woman that impacted all our lives who knew her! My heart is so very sad because I adored her more than anything. I came to know mother three years ago as one of my patients and I continued to she her after we discharged her! I so appreciate her amazing sons that loved their mother unconditionally and took care of her! Never heard any complaints from anyone, only tender loving care. I will miss her as she was and will continue to be in my heart forever. A mother's love will always be cherished, I wasn't her daughter but she treated as if I was her own! I always told her, "Mother you have amazing sons and it has been my pleasure to know them"! Bobby, Paul, and Chad, Mommy loved you more than life itself. It wasn't a day that went by that she wasn't worried about you three! I just wanted you all to know that you were loved unconditionally, no matter what! Praying for your family and please take care of yourselves! Especially you Bobby, mother was worried about you every day! I love you, Serina
