A.

“ My deepest sympathies to the Kaiser family and friends. Death was never a part of God's perfect plan for mankind. He purposed that his children live forever in perfect health, peace and happiness. According to Ecclesiastes 3:11, he \"put eternity\" within our hearts. His purpose will be accomplished. At John 5:28,29 Jesus said \"the hour is coming in which all those in the memorial tombs will hear his voice and come out.\" And Revelation 21:4,5 stated that all things will be made new. No more sickness, tears or pain. Even death will be gone forever. As you recall your most precious memories, reflect on these assured promises from our Heavenly Father Jehovah God.
