“ *Tiffany I'm glad we got to talk a few weeks ago and I gave you a hug. Layla will know you. I know your in a better place know not struggling to do all that everyone wanted you to do. You can be your children's angel from up above. I tell Layla in the morning that mommy's kissing you from Heaven. As I told you I will never be her mommy. She may one day say I acted in that compacity but you were her mom. RIP. Thank you for my beautiful granddaughter.*
