“ One of my fondest memories with my little cousin, Is when she wanted to attend Radiology school. I helped her along the way, when she graduated, I made sure she knew what she needed to know. Some of our co-workers would ask, “What is the attachment with us?”. I made sure no one stepped out of line with her. Lord, trying to correct her when she needed it was like making a heavy rock roll like a feather. We would butt heads. She knew, I was the best teacher!!!. Sleep on Tracie, we all will have to make that journey one day. Love never ends. Your girls will make you proud!!!!. Love you and miss you already ❤️🙏

“ Tracie was truly a family oriented person. She's was just as genuine as everyone has stated. There are so many reasons this is so hard for me. But this isn't about me. So I'm glad she had a peaceful transition, and I pray Valerie and the family has the strength to move on from here. With Gods grace they will endure.

“ To Tracie's family - Although I've only known Tracie a short while, I came to know a very warm caring person. She was suffering yet always wanted to know if I was okay...that's a special person. I will miss Tracie at the Wellness House monthly meetings!

“ Who would have thought in a million years the youngest one of the pack would be call home so soon. Tracie, I know you're in a better place away from suffering but you would truthfully be missed. I pray that you have a beautiful transition. My prayers to the family and I ask that God continues to embrace your family through this time.

“ *My dear sweet friend. I will dearly miss you. I can hear you sucking your teeth and rolling your eyes. Lol Oh the small things is why we made such good friends. You have always been an amazing mother. While enrolled at Darton we became like sisters. Over the years life happened but we never forgot to call each other on our birthday's. I will forever remember to still wish you happy birthday sis. I will miss that snappy attitude, beautiful small with perfect teeth and and our long talks. We are just alike that's why we understood one another. A true friend you have always been. Missing you.*

“ I am going to miss my girl Tracie. Back in 2016 during ASU homecoming, Tracie, Val and I hung out for the Albany State homecoming concert -Dougie fresh. We had the best time dancing and rapping along...& at the end of the night, we went to Waffle House just to chill and chat. It seem like yesterday. Trae & I will see each other on family meeting every month via zoom. She called to chat about four months ago; and we talked about The kids and TV game shows, nothing much at all, but somehow I knew I would always cherish that simple conversation. I am grieving with my family the Richardsons. May God bless and keep Chris and the girls. We love you. 💔

“ Tracie was such a kindhearted sweet person and a true friend, I remember she took her girls my daughter and I roller skating, I didn't know how to skate so she went out on the rink to try to teach my daughter how to skate. We had so much fun. There are so many more memories I had with her there is not enough space on this page. I will miss you Tracie, REST IN PEACE, I love you.
