“ Valerie, you and Peggy use to babysit while our parents went to the racetrack on Friday nights. We would sit outside on the porch and u and your sister would polish your nails. And when it got dark you would take us down to our house and made sure we were safe in the house. I remember when Rusty was in a full body cast I would sit in his room and just keep him company and we watched TV. I remember Molly B she was so adorable and it was the first time I ever seen a dog in a diaper. I was very sad that we never got to visit with each other before one of us passed away. .I know your at peace. And I always loved you alot. Rest well Val. Your old friend
