

Virginia "Ginny" Teckla Lowman

February 17, 1962 - December 12, 2020

Some people only walk this earth for a short time. Their departure reminds us that angels are watching over us. Last week, Ginny rejoined her heavenly family and gained her wings.

Ginny was a compassionate spirit whose passion was caring for others. Her favorite thing was being surrounded by her family.

Ginny is survived by her best friend and husband of 40 years Frank, Her daughter April and son in law Bill, Her 3 grandkids Ryker, Ava and Jaxon, her sister Donna Flowers and Brother in law Bill flowers and many nieces and nephews.

A celebration of life will be held at a later date. Her family asks that in lieu of flowers donations be made to St Jude's Children's Hospital.

“ I can remember when Ginny and I met at the the kids school for a concert. We became friends that day . We would go to lunch and we would have coffee together. She was such an amazing woman she really loved her family and friends. Jinny you will be missed by many

“ Ginny was my friend, my sister-in-law (more like a sister). There are so many memories of good times with her. One of my funny favorites was the day I married her brother, Bud. Bud and I had left the reception heading to Richmond for the night before onto our honeymoon destination. Ginny was staying in our apartment while we were going to be gone. We could not find the hotel we were to stay at and after driving around in circles for quite some time we changed our plans and headed home. So... we called Ginny late at night and said you need to get out of our bed and move to the couch cause we're coming home. We had a good laugh! That was just the beginning of many good laughs. I will miss her until we meet again! ❤️

“ My sister was one of the kindest, loving and generous people I knew. We were not just family but friends. So many beautiful and great memories. All the years we had so many fun times together. If something was wrong she was there, the one I wanted to talk to. All the talks we had about anything and everything meant the world to me. I always told people she was the sweet sister and she was. Ginny was so happy about her grandkids. They were such a joy to her. She is engraved in every part of my heart. My sister dearest will always be with me and part of me. Ginny I love you so and will always miss you.

“ It's been so many years ago now. But down the big hill I went on our street to get to the Lowman's for a sleepover at April's. Ginny was just always so kind and welcoming whenever I came over. My condolences to the family.

“ Many of my high school days were spent at the Lowman house. One of the first times I went over Mrs Ginny was cleaning and April and I asked her to go do something with us. She said “I can’t, today is my cleaning day. I clean today (if my memory is correct it was Monday’s) so that I don’t have to clean the rest of the week.” It was then that I said to myself “when I grow up that’s how I’m going to do it! I’m not as disciplined as Mrs Ginny was but I do make it so that when I clean I do everything in that one day. She taught me that life was for living, not for cleaning! Life got in the way and the years went by but my days with her family are some of my fondest memories!! Weather it be hanging out at the Lowmans home, going to Busch Gardens together or joining them on family vacations to Florida. Since her passing I have seen THE most beautiful sunsets and this morning saw a sunrise with the brightest beam coming down. Her light continues to shine bright! Pictures just don’t do it justice.

“ I have so many memories that picking just one is too hard. There were so many parties, lunches and get togethers that just stand out. My favorite time is when we would go toy shopping for the kids at Christmas. We would leave early in the morning and load up her van with toys! Then we had to hide everything! We also had an 8 hour trip to ocean city. We sat for 5 hours just to get over the bridge. We talked about everything so it didn’t seem so long. There are so many more but I just can’t. Ginny was a sister to me and I miss her terribly. Till we meet again, love you girl!

“ To all who enter this site, please share a memory you have of Ginny. I was walking my dog and Ginny called me to tell me that April and Bill were having twins and she could not believe she and Frank were going to be grandparents of three! Ginny was so excited. Her time here to enjoy the kids was called way to short, but I am grateful for the joy and delight Ginny had with Ryker, Ava, and Jax. I know she will be sending hugs and love from above everyday.
