“ *\“Jr.\“ and I have been neighbors since we were kids. In these last few years we have been phone buddies\“ and we have shared a lot of laughs and especially the \“olden days\“ and how things have changed. Some funny and some not so funny. Not getting his calls will leave a big empty place in my days. My deepest condolences to the Ark family. Jr. was a very generous person, as is the Ark family. I have been the recipient of their generosity more than once in past years. Gods blessings to all. Dee*
