“ *William J. Howard, Jr. (Billy) is my brother. My big brother. I am heartbroken at his passing and I hope he knows how much I love him, and miss him. A great memory I have is he and I both trying to drink all of the pickle juice out of the pickle jar when we were younger! Pickle juice will always hold a special place in my heart because of you Billy. I love you. And miss your smile, and all.*
