“ *I went to elementary school with Billy ....back then William. We would lip sync to songs, act some out. Always had fun When I moved in 5 th grade I often wondered how he was. And then thanks to FB was able to reconnect. It was so evident how much he loved life, his family It breaks my heart that he was taken so young. Prayers to his family*

“ *Billy was my older cousin- my oldest cousin, in fact. I'd not seen him in many years, but news of his passing brought back happy memories of time spent with family at the house where he grew up. Billy would always make me laugh- not just giggle but those laughs you feel all the way in your soul. My love and condolences go out to those who knew and loved him best.*

“ So hard to share just one memory! He was my big brother, protected me often without asking why. We had so many times of just hanging doing nothing special at the time but looking back now those times were so much fun. When he was younger he lived his life on the edge and pulled us all on that edge with him. Thankfully we all walked away with crazy stories to tell. He was loved by so many!
